Personal Statement

I am currently a graduate student at Oregon Health and Sciences University, studying machine learning and statistical modeling. After completing my BS at Western Washington University, and my 4 years industry expirience, I have developed strong interests in cryptography, statistical computing, and programming languages. I am a very quick study, as I have adopted a new or tool-set in nearly every challenge I have taken on. My interest in teaching and writing has also gained me strong communication skills.

Language Experience :

⋆ Python	Julia	Scala, Figaro	Perl
Ada	R	C, C++	LaTeX
