Personal Statement

I am currently a masters student at OHSU, studying computer science with a focus in signal processing and machine learning. In my several years of industry experience and prior degree, I developed strong interests in cryptography, reproducible research, statistical computing, and programming languages. I have adapted to, and adopted, a new or tool-set in nearly every challenge I have taken on. My interest in teaching and writing has also gained me strong communication skills.

Persistant Experience :

Python	C, C++	Linux	TDD
R	LaTeX	Git	Ticketing Systems
